_____

Please note below any special considerations you feel we should know about:

_____

_____

Housing applications are not placed upon the housing priority list until the student is accepted to Webster University. Further, a room is not assigned until the Geneva Business office has received the CHF 1,000.- housing deposit.

Housing deposits for new students are refundable until the following dates:
- 30 June for students whose entry term is the Fall semester
- 1 October for students whose entry term is the Spring semester
- 1 February for students whose entry term is the Summer term

Meal Plan deposits are billed in August and cover the plan for both Fall & Spring semesters. The CHF 5'610.- billed, is accrued 10% upon payment.
(see https://webster.ch/currentstudents/residentiallife/incoming.php for details)

I understand that Webster University will treat my housing deposit as a security deposit. Therefore deposits are not refundable until after the student has vacated university housing and all housing related charges have been paid.

After you sign and submit this form, if you no longer require student housing for any reason, you must notify the Housing Office at least six weeks prior to the start of the term or you will be held liable for all outstanding rent for the term.
